

Psychology

Charles A Dana Professor Emeritus Carole Bandy;
Professor Kevin Fleming (Chair); Associate Professor
Matthew Thomas; Assistant Professors Mark Stefani,
Helene Sisti; Lecturers John Dulmage, Heather Porter

Mission:

Psychology is a scientific enterprise that attempts to articulate principles of human and animal behavior. These principles are formulated within the context of biological, socio-cultural, and environmental factors. Psychology is both a field of scientific inquiry and a professional activity: it shares its subject matter and its methods with the biological and social sciences, while simultaneously sharing some of the same concerns of the arts; namely, human motivation, emotion, aesthetic appreciation and experience, creativity, and the individual's relations to the world and humankind. Students may explore the discipline from experimental, personality/social, developmental, and/or clinical perspectives. A research-based senior thesis is required, along with an oral presentation at a regional undergraduate research conference. Upper level practica, internships, or field placements that provide practical work experience in a special interest area are encouraged.

Goals:

- To expose students to the full range of ideas in the field of Psychology.
- To give students the opportunity to experience the process of being and acting like a professional in the field of Psychology.
- To prepare students for lifelong career development.

Outcomes:

- To demonstrate understanding and knowledge of the content of Psychology including its major concepts, theoretical perspectives, empirical findings, and historical trends.
- To perform research independently and competently in the process of literature review, experimental design, data collection, and statistical analysis, as well as completion of the written and oral senior thesis.

- To communicate effectively in both written and oral formats at local and regional undergraduate research conferences.
- To prepare for successful graduate work and/or employment in professions requiring a Psychology background and/or in professions requiring critical thinking.

Graduate School Preparation:

The Psychology Major is an excellent preparation for most professional schools in:

- Law
- Medicine
- Education
- Business
- Psychology

Careers for this Major:

Careers at the BA level include:

- Army Mental Health Specialist
- Child Development Specialist
- Employee Relations Specialist
- Probation/Parole Officer
- Substance Abuse Counselor

Careers with advanced degrees include:

- Applied Statistician
- Clinical Social Worker
- Guidance Counselor
- Military Counselor
- Neuropsychologist
- School Psychologist
- Speech Pathologist
